Thank you.

- ❑ Web site: <http://www.rfc-editor.org/>
- ❑ Interest list: rfc-interest@rfc-editor.org
 - This list was created to facilitate community discussion on the RFC series and to make suggestions about RFC Editor functions. The RFC Editor hopes that this mailing list will provide a focal point for input, information, and discussion about the details of the RFC process, as well as an archive to avoid the continual re-hashing of some issues. Topics appropriate to this list may include formatting, tools, style, content, and indexing aspects of the RFC series. It will not be used for discussion of the IETF standards process, general IETF organizational issues, or issues for which the NOTE WELL admonition is needed for IPR reasons. The posting policy is subscriber-only to reduce spam. It will initially be unmoderated, but the RFC Editor will cut off any discussions that are inappropriate according to the guidelines above.
